MEASURES FOR RELIEF ADVANCED

Thousands are Homeless and Starving in Devastated Sakura Island

ASSOCIATION ORGANIZED

National in Scope and Has Issued Appeal for Help—People Eating Cats and Dogs and Soup Made of Straw and Leaves.

[ASSOCIATED PRESS TELEGRAM] Kagoshima, Japan, Jan. 17.—Two further eruptions of the volcano Sakura-Jima accompanied by a severe earthquake occurred late last night causing the collapse of many more buildings. Numbers of the inhabitants of Kagoshima who had returned fled again in terror from the city. Ashes are falling thickly today.

The sun looked like a ball of blood over Kagoshima today, but it gave no light and the darkness was such that night signals had to be employed on the railroads. The flying dust was so thick that the few pedestrians on the street making their way to the outskirts of the city had to cover their mouths and noses with towels and handkerchiefs to prevent suffocation.

[ASSOCIATED PRESS TELEGRAM] Tokio, Japan, Jan. 17.—An indication that the loss of life on the island of Sakura which was devastated by the eruption of the volcano Sakura-Jima, may be much larger than had been supposed, is given in a report received here today from an official of the interior department who was sent to Kagoshima and its vicinity to investigate. He reports that 9,000 out of Sakura's estimated population of 19,000 had been accounted for up to the evening of the sixteenth.

Other refugees, it is expected will be found in other directions but the loss of life evidently was extremely heavy. Measures for the relief of the sufferers from famine in the north and eruptions in the south are rapidly assuming shape now that the extent of the destruction is more definitely known.

A relief association, national in scope, has been organized here and has issued the following appeal for help.

"Heaven has brought us disaster one after another. While the suffering from famine in the northeast has not yet been relieved another has occurred in Kiushiu.

"The northeast poorly favored by nature, sustained many afflictions in the past and is becoming impoverished. It is now suffering a great famine and its people are eating only wild fruits and herbs to stave their hunger. Snow covers the land, adding to the suffering.

"We were planning to relieve this distress when news came of the eruption in the south, with people buried in lava or so scorched with fiery ashes that they had no time to save their nearest relatives. No greater calamity can be imagined."

The statement ended with an appeal to sympathizers for donations. Bishop Walter Andrews of the English church in Hok-Kaido a famine-stricken district, writes that the suffering everywhere is intense. The farmers, he says are hit the hardest and their families are eating soup made of chopped straw, leaves and rotten potatoes and meat taken from cats, dogs, and fish. The more for-

Wooster Praises Congressman W. A. Ashbrook for His Services

Wooster, O., Jan. 17.—Spending a few hours in this city, the writer took occasion to stroll through the principal business streets, and was greatly impressed with the beauty of the new government building located near the public square. It is surely an ornament and a credit to the city. No citizen talks of it unless he praises Hon. William A. Ashbrook for his great work in securing it. It is for this reason a very general regret is expressed in the change of congressional lines which removes Wayne county from his district. They were in hopes they would have an opportunity of manifesting their very high regard for him by his re-election to Congress next fall.

One fine, old gentleman voiced a progressive idea when he said: "One of the most expensive luxuries this country indulges in is the change of members in Congress every two or four years." He said: "Take Mr. Ashbrook, for instance. He did not accomplish much during his first or second term, but he secured that magnificent building for us in his third term, and I miss my guess if he does not do the same thing for one or two cities in his new district before he leaves Congress, if they are wise enough to send him back next fall of which we have no doubt." This gentleman further said: "It costs the country many thousands of dollars to give a member of Congress the train-

ing sufficient to secure important legislation of a local character, and it is rare, very rare, that new members secure committee assignments of an influential character. Such a case can be sighted now. The only committee announced at the opening session of congress last year were the committee on Ways and Means, and the committee on Enrolled Bills, of which Mr. Underwood is chairman of the former and Mr. Ashbrook of the latter. The fact that a man is elected three, four or five terms is always regarded as a man of commanding ability, and that explains the presence of the government building in this city." There was no controverting this statement. At least we did not attempt it.

Another class of citizens of Wooster and Wayne county who regret the change is the old soldier. No member of Congress ever looked after the interests of the old soldier more faithfully than Mr. Ashbrook. We are informed that no citizen, be he soldier or civilian, ever asked Mr. Ashbrook for assistance in any departmental work that it was not given his earnest and prompt attention. An old boy in blue remarked that "He believed serving the people was part of Ashbrook's religion," and this was endorsed by a number of bystanders. There is solace in the reflection of "What is our loss is their gain."

NOTHING TO CONFESSION SAYS ELLIS

[ASSOCIATED PRESS TELEGRAM] New York, Jan. 17.—Parul Carl, the youth who yesterday according to private detectives, confessed in Somerville N. J., that he shot and dangerously wounded Monroe F. Ellis, a wealthy lumber merchant at Basking Ridge, N. J., was taken to the Ellis home last night where he was questioned by Mr. Ellis, Frederick A. Pope, county prosecutor and a deputy sheriff Carl was returned to the jail at Somerville after the interview and Mr. Ellis issued the statement, saying "these statements and confessions are all rot. I am convinced that this boy whom I know and once employed in my office, did not shoot me and did not hear any such yarn as he is said to have been told by a woman."

In the confession attributed by the detectives to Carl, he is quoted as saying that he shot the lumber man because he was engaged to do so by a woman "near and dear" to him. This woman, the confession went on, told Carl that Mr. Ellis had wronged her and had failed to keep his promises to her and then she asked the boy to hire a gunman to shoot Mr. Ellis and she would pay \$500 for the job.

Mr. Ellis, who is president of a lumber company and also heads the New Jersey State Lumber Association, on Nov. 20, 1911, was hit by a load of buckshot fired through a window of his dining room. He lingered near death for weeks but eventually recovered completely.

MCKINLEY RELICS SOLD AT AUCTION IN SAN FRANCISCO

[ASSOCIATED PRESS TELEGRAM] San Francisco, Jan. 17.—Relics of the late President McKinley sold at auction here by his daughter, Mrs. Ida McKinley Morse Cooper, brought \$390, it was announced.

A gold plate, presented by employees of a local iron works as a memento of the launching of the battleship Ohio, brought \$325. It is said to have cost \$1,500.

WIRELESS TO BE ERECTED IN THE MEXICAN CAPITAL

[ASSOCIATED PRESS TELEGRAM] Berlin, Jan. 17.—A wireless telegraph company today secured a contract for the erection of a wireless station in Mexico City to enable Provisional President Huerta to maintain communication with the columns of Federal troops operating against the rebels in various parts of the country. General Huerta finds it necessary to use wireless telegraphy as the ordinary telegraph wires are so frequently cut.

The new station in the Federal capital is to have only half the sending range usually provided for and this is taken here as an indication that General Huerta is preparing for fighting in the neighborhood of the Federal capital.

TOOK OFF CREW THEN SET FIRE TO DERELICT

[ASSOCIATED PRESS TELEGRAM] Gloucester, Mass., Jan. 17.—The rescue of the crew of a disabled five-masted schooner by a steamer off the Maine coast was reported by Captain Lewis Wharton of the schooner Oriole, which arrived today from Bonne Bay, N. F. Captain Wharton was unable to learn the name of either vessel. Two five-masted schooners, the Prescott Palmer and the Fuller Palmer, have not been reported since Monday and considerable anxiety is felt for their safety.

RESCUED AFTER 3 HOURS FIGHT IN HIGH SEAS

[ASSOCIATED PRESS TELEGRAM] New York, Jan. 17.—Additional wireless accounts of the rescue 200 miles east of Cape Race early yesterday by the crew of the steamship Lusitania of Captain Halford and seven men of the New England Brigantine Mayflower was received here today. The rescue was effected according to the messages, after a three hour fight by a life boat's crew in very high seas and in the face of a northeasterly gale.

Captain Halford said he had sailed in the Mayflower from St. Johns on Sept. 17 for Bahia, Brazil, and arrived Nov. 15. The trip back had been one long struggle with gales and head seas. Three days before the rescue he had lost his rudder, his sails had carried away and the Mayflower sprang a leak.

BEARDSLEY IS HOLDING FORTRESS

Cannot be Inveigled from His Stronghold by Any Strategy

FIRES ON TWO PERSONS

As They Approach the House From the Sheriff's Camp—All Traffic on the Highway Has Been Stopped for Present.

[ASSOCIATED PRESS TELEGRAM] Mayville, N. Y., Jan. 17.—The fifth day of the siege of Edward Beardsley in his farm house near Summerdale was ushered in by rapid firing from the Beardsley stronghold. Timothy Vance and William Walker, friends of Beardsley who have acted as "go-betweens" in the parleys between Sheriff Anderson and the beleaguered farmer, approached the house this morning hands above their heads. As they entered the yard they were halted by the whizzing of bullets past their heads from the attic window, Beardsley's lookout.

"Get out of here and stay out. You are trying to trap me. You can't come here any more," shouted Beardsley as Vance and Walker ran down the hill toward the sheriff's camp.

The emissaries had gone to tell Beardsley that the police authorities of Titusville, Pa. would not allow his brother, James Beardsley, to take the children into that state, because the might become a public charge.

With the repulse of Vance and Walker, all immediate hope of a peaceful solution of the knotty problems facing the sheriff and his posse has been abandoned.

Sheriff Anderson has stopped all traffic on the highway passing the Beardsley farm and no one is allowed to approach within a mile of the place.

PAID \$3,000 FOR FLEA

[ASSOCIATED PRESS TELEGRAM] Paris, Jan. 17.—Edmund Perrier of the French institute is authority for the statement that a noted French entomologist collector has paid \$3,000 for a specimen of a rare variety of flea. It is of the kind occasionally found in the skin of the sea otter.

Cabinet Woman Would Study Economics

[ASSOCIATED PRESS TELEGRAM] London, Jan. 17.—Mrs. Richard C. Burleson wife of the postmaster general has announced she will enter Georgetown University to study economics and politics.

There is considerable agitation among those who pay attention to the cabinet ladies in Washington to determine if they should become college students.

Mrs. Burleson's husband perhaps knows more about politics than anybody in Georgetown University. He has been in the art and made it pay. For years he has been a power in Texas politics, and he was once a member of the House of Representatives.

He is enough to promote the cabinet position. The fact that Robert L. Taft, the governor of Jerusalem, certifying that upon such and such a day Mr. Mikulec called upon them.

Steamer With Crew and Passengers Believed Lost

[ASSOCIATED PRESS TELEGRAM] Hamburg, Jan. 17.—No doubt remains that the German steamer Aelia is lost with its crew of 48 and 50 passengers. A telegram from Punta Arenas, Chile, received here today, says the bodies of two officers were picked up today among a mass of wreckage in Moat channel, north of Picton Island, Tierra del Fuego. Persons in the vicinity say a big steamer sank there some time ago. A telegram from Valparaiso on Wednesday last, reported the finding of two of the Aelia's boats in Aguirre Bay Tierra del Fuego containing the bodies of her second mate and two seamen.

FARMER SHOT BY NEIGHBOR EARLY TODAY

[ASSOCIATED PRESS TELEGRAM] Chardon, O., Jan. 17.—Will Eggleston, a widower, was shot, perhaps fatally, while in the barn on his farm three miles west of Chardon at 8 o'clock this morning. Eggleston says Ernest Zimmer, a neighbor farmer, did the shooting. Zimmer is said to have fired in the direction of Willoughby. Sheriff H. J. Ballard and his deputy Ben Rhoads, of Chardon, started at once in pursuit of Zimmer.

No details as to the circumstances of the shooting have been obtained. A shotgun was used by Eggleston's assailant.

The officers here assert the shooting is due to jealousy. Zimmer and his wife are living apart. An action for divorce brought by Mrs. Zimmer was heard here recently. On the stand Zimmer accused Eggleston of responsibility for his domestic troubles. Mrs. Zimmer, who is in Cleveland, told officers there today that her husband called on her there last night, showed her a new shotgun and said he was coming back here and intended to shoot Eggleston. Mrs. Zimmer warned Sheriff Ballard but the warning did not get there until after the shooting.

DREADED TYPHUS MAKES APPEARANCE ON OCEAN STEAMER

[ASSOCIATED PRESS TELEGRAM] New York, Jan. 17.—Another case of the dreaded typhus fever came in to port today on the steamship Belvedere from Trieste. A steerage passenger was the victim and symptoms noted in another passenger indicated that he, too, was suffering with the disease. Both were removed to Swinburne Island, where they will be isolated, and the ship was held for fumigation.

BELIEVE THEY HAVE BANDIT BEHIND BARS

[ASSOCIATED PRESS TELEGRAM] Atlanta, Ga., Jan. 17.—The police today believe a man in jail here is the bandit who last night terrorized passengers on a southbound Western & Atlantic passenger train near here and robbed them of several hundred dollars. The prisoner, who was captured near the scene of the hold-up, gave his name as John Jones and said he lived in Atlanta. The police, however, say he is James Nolan, of Des Moines, Iowa.

Jones or Nolan was arrested near Bolton, Ga., where the bandit left the train after a pistol duel with Carl C. Heard, county policeman. The man when arrested told the police that he was a carpenter and had gone to Bolton in search of work. He claimed to know nothing of the robbery.

FOUR LIVES LOST, FIVE INJURED IN A BROCKTON FIRE

[ASSOCIATED PRESS TELEGRAM] Brockton, Mass., Jan. 17.—Four persons lost their lives in an apartment house fire here today and five others were injured by jumping from the upper stories.

Two of the injured probably will die.

The dead: Mrs. Mary J. Monahan and her son, Bernard Monahan; Crawford Linthall and an unidentified lodger in the Linthall home. The burned building was a three-story brick structure on North Main street.

WALKED AROUND THE WORLD IN THREE YEARS

[ASSOCIATED PRESS TELEGRAM] New York, Jan. 17.—Joseph Frank Mikulec arrived here from Philadelphia yesterday after a three year walking tour of the world. He has the signatures of hundreds of important personages, from William H. Taft, to the governor of Jerusalem, certifying that upon such and such a day Mr. Mikulec called upon them.

SEARCH FOR SUBMARINE CONTINUES

Vessels Search Bottom of Bay With Weighted Cables

WATCH THROUGH NIGHT

Kept by Destroyer Over Spot Where Tiny Vessel Disappeared Yesterday Morning—To Raise Boat if Located.

[ASSOCIATED PRESS TELEGRAM] Plymouth, Eng., Jan. 17.—Not a trace had been found up to late this afternoon of the British submarine A-7 which was lost in Whitesand bay on the shores of Plymouth sound yesterday afternoon. Sweeping operations were started at daybreak and covered a wide area in the search for the missing boat and her crew but no indications as to her whereabouts were found.

A destroyer kept watch through the night, over the spot where the tiny vessel was supposed to have disappeared after the dive during the maneuvers yesterday morning. When the first streak of light at dawn appeared, a number of destroyers with weighted cables stretched between them stood up and down the bay sweeping the bottom of the sea but encountered no obstacle.

The lifting craft specially fitted for raising sunken submarines cannot reach the scene of the disaster before Sunday night and the authorities say there is small chance of raising the boat before Monday even if she should be located.

GREAT LOSS OF LIFE IN PAST TEN YEARS

New York, Jan. 17.—The loss of the British submarine boat A-7 with its crew of 11 men, in Whitesand Bay, near Plymouth, England, calls attention to the heavy loss of life sustained since these diving boats have been attached to the great navies of the world.

SIX CHILDREN BURN TO DEATH

[ASSOCIATED PRESS TELEGRAM] Coconino, Okla., Jan. 17.—Six children of Mrs. Weatherby were burned to death today when fire destroyed their home. The mother escaped by jumping from the window.

Advance Guard Gathering at Capital for the Opening of the Legislative Session

[ASSOCIATED PRESS TELEGRAM] Columbus, Jan. 17.—With only a small advance guard on hand at noon today predictions were made that the main body of senators and representatives would not arrive in the state capital until tomorrow night and those from nearby counties may wait until Monday, the opening day of the special session of the legislature. Administration leaders will center their efforts to accomplish the administration program and adjourn at the end of the three weeks.

Anti-administration Democrats of whom it is conceded there are a few, do not believe that the end of the session will be reached in less than four weeks.

Republican members indicate that they share in the view of the latter believing that the fight over the proposed changes in the school laws, the details of the flood protection measures, the state budget and other matters will consume more time than the administration men have counted on.

National University of the United States May be Established at Washington

[ASSOCIATED PRESS TELEGRAM] Washington, Jan. 17.—The climax of America's educational structure would be consummated through the establishment in Washington of "the national university of the United States," in the opinion of Representative Fess of Ohio, who has introduced a bill proposing such an institution. An initial appropriation of \$500,000 is asked for the proposed university.

The measure provides that the institution be supported by government and individual donations and its object would be to advance science and the fine arts, to train men and women for posts of responsibility in public and private service, to co-operate with the government's scientific

bureaus and to work in conjunction with public and private institutions of learning of the country. The President would be empowered to name a board of trustees and they would be authorized to accept gifts and donations from any "legitimate source."

"This the richest nation of the world," said Mr. Fess in discussing the matter today, "can well afford to support the university out of the federal treasury. It is time for us to act and realize the dream of Washington and his successors, Adams, Jefferson, Madison, Monroe and others."

The scope of the work of the proposed university, according to Mr. Fess, would not interfere with any other institution of higher learning, as it could not duplicate such work.

United States minister to Paraguay will also be present.

House and Senate leaders predict the measures which will have to run the hardest gauntlet before reaching the enacted law stage are the school reform, mine run pay system for coal miners, initiative and referendum reforms and the proposal to let municipalities to issue bonds for ownership of self-supporting public utilities.

Tuesday morning, within 24 hours after the legislature convenes, the first public hearing on the school bills will be held. These will continue Tuesday evening and Wednesday morning. Initiative and referendum reforms and the Panama Pacific extension and public hearings Wednesday night and the flood prevention bill will be considered Thursday night.

It is probable the finance committee of both House and Senate will be ready to report favorably on the budget soon after the opening of the session.

One subject which probably will be attacked from several bills is that of allowing municipalities to purchase utilities which are self-supporting by issuing bonds exclusive of the limitations imposed by the Longworth act. The bill drawn by former Senator John N. Stockwell, (Cleveland), would make the indebtedness a lien on all property within the municipality. It is said the purpose of this is to favor the sale of bonds for utilities whose success is doubtful. The measure has not received the tentative sanction of Governor Cox.

The Lodges

I. O. O. F.

Oliver Branch Lodge No. 54, met in regular session Tuesday evening with a good attendance and considerable business was transacted. One petition was received for membership. On our next regular meeting, Jan. 20, the lodge will open one-half hour earlier at 7 p. m. sharp, for the purpose of installing the new officers, and Grand Master Kuntz of Zanesville will be present and it is desired that all the members be present.

Newark Lodge No. 623. A good number of brothers braved the elements of Monday evening to attend the regular meeting of Newark Lodge and all seemed to be well and paid. Installing Officer W. G. Holman was present and installed the following officers:

N. G.—A. Bigbee.
V. G.—C. W. Boyd.
Financial Secretary—J. E. Wilson.
Treasurer—R. A. Bell.
Clerk—S. C. N. G.—W. P. Gorman.
L. S. to N. G.—C. E. Lake.
R. S. to V. G.—B. A. Price.
L. S. to V. G.—Frank Robinson.
Warden—O. T. Walters.
Conductor—C. H. Harner.
Chaplain—E. A. Howard.
C. G.—H. M. Snelling.
O. G.—Franklin Fry.
R. S. S.—L. Shannon.
L. S. S.—Graver Orr.

After the business of the evening had been taken care of, the meeting was turned over to the refreshment committee, who entertained with a delicious sauer kraut and Weiner supper. The regular meeting of January 26th will be initiation night again. Be on hand the 18th to help make arrangements.

January 20th the Grand Master will visit Newark. It will pay all Odd Fellows to attend this meeting.

Mt. Olive Encampment held a splendid meeting Jan. 15th. We had a good number present and the work of the evening was very interesting. Four candidates were in waiting for the Royal Purple degree which was conferred in ample form.

District Deputy Grand Patriarch William Miles was present and installed the following officers:

C. P.—W. P. Fairall.
S. W.—C. W. Boyd.
J. W.—Andrew Gobel.
H. P.—W. P. Gorman.
R. S.—E. P. Moore.
Fin. Scribe—H. L. Meek.
Treasurer—Wm. Miles.
Guide—W. G. Holman.
First W. W.—L. H. Snies.
Third W.—L. Stargell.
Fourth W.—P. H. Snelling.
L. S.—Harry Kechn.
O. S.—Franklin Fry.
First G. of T.—R. A. Bell.
Second G. of T.—J. Brookner.

The Patriarchs are asked to meet Wednesday, Jan. 28, a special for practice in the Patriarchal degree. This degree will be conferred on Thursday evening, Feb. 5, the next regular meeting.

KNIGHTS OF PYTHIAS.

Newark Lodge No. 15. Newark lodge met Thursday night with good attendance. The Page rank was conferred upon two candidates. Next Thursday night both the Page and Esquire degrees will be conferred. Lodge will open promptly at 7:00 instead of 7:30.

Bro. J. E. Grafton, Master of Finance, is again back at his former place of business, west side of square, over Woolworth's store, and those wishing to pay their dues will call there to see Mr. Grafton.

The impressive Page rank was conferred upon six strangers last Tuesday evening by Roland's recently organized Page rank team. The work was excellent, and said by many to be the best they had ever seen. The new officers have their parts almost letter perfect, and this materially assisted in the success of the work. This degree is vastly different from what it was a few years ago and it would repay some of the older members just to go out to see it exemplified.

It will probably be put on again Jan. 27. A fine attendance of the brethren was noted in spite of the extremely cold night and the shortage of gas. The hall was not any too warm, but nobody suffered. Three new applications were received and referred and three others balloted upon and elected. An invitation was received and accepted from Rev. W. D. Ward to attend services at the Central Church of Christ at an early date, probably some time in February. The Esquire rank next Tuesday night.

K. O. T. M.

Octagon tent No. 22, will meet in regular session Thursday evening, Jan. 22. The new officers will be in their stations. The new commander has promised to stir up the bees a little and get them to buzzing. Deputy Commander will be with us and he has something up his sleeve that you would like to know about.

Sir Knights, get to buzzing and come and bring some one with you. Keep on the move.

DAUGHTERS OF VETERANS. The meeting of the Daughters of Veterans Tuesday evening was a success in every respect, the president, Mrs. Emma D. Bickman, presiding. Too much cannot be said in praise of the way the new officers have taken up their work. They have taken hold with such vim and interest that there is no doubt but that the organization for 1931 will show a splendid record for 1931. 25. Two candidates were initiated at the meeting. The sewing bee will meet as usual Tuesday evening, Jan. 20th, at the hall. There will be initiation at the next regular meeting, Jan. 27th. Meetings commence promptly at 7:30.

LADIES LOYAL WOODS CIRCLE. Mountbush Circle No. 159, met in regular session on Tuesday evening, Jan. 13th, at 7:30, and had a good turnout of members. Several applications have been presented and will be considered at the next meeting.

"Baby Mine" Tonight.

If a merry comedy that alternates roars, screams and yells with Gattling gun rapidity is what theatergoers want, they will crowd the Auditorium tonight when the funniest play ever written, "Baby Mine," will make its long awaited appearance, and judging from the advance sale it is evident that everybody is going. "Baby Mine" is justly entitled to the title, "the world's funniest comedy." It not only ran for one solid year at Daly's Theater, New York, but is now playing in London—its second year in the British metropolis. All Newark will laugh over "Baby Mine," it goes bobbing along lightly and skillfully and holds the audience helpless with mirth. In ingenuity of situation and incident, comic aspect of character, rapidity of movement and unfaltering sense of humor, "Baby Mine" is unique among the lighter plays the stage has known. The advance sale is very good.

"Bought and Paid For." It will not be surprising if the engagement of George Broadhurst's great play "Bought and Paid For," which comes to the Auditorium on Saturday matinee and night, January 24, fully surpasses its wonderful attendance here of last season; this remarkable drama surely gave local patrons more pleasure as an evening's entertainment than any attraction Manager Hamilton offered here last year.

Lyman H. Howe's Pictures. An early booking at the Auditorium will be the regular semi-annual engagement of the wonderful Lyman H. Howe's pictures. The date will be Friday, January 26. Mr. Howe will bring an all new program including a truly remarkable series of pictures showing the Panama Canal in the various years of its construction.

HELEN'S HEAVENLY HAIR OR POOR PALLID PERCY

THIS BEING A STORY OF FREAKISH FEMINE FOULAGE AND A MERE MAN'S MADNESS.

Lizzie's Locks Lavender

And Pearl's Pink, if It Happens That Their Gowns Are Those Colors.

Chicago, Jan. 17.—Helen of the Heliotrope Hair—this is not the title of the latest seller—stepped from her limousine yesterday in Michigan avenue.

"My word!" exclaimed Percy, a passer-by. "I've got 'em again." Percy nearly fainted. A dozen others who had mounted the water wagon sixteen days ago turned pale and rubbed their eyes.

It was the first street demonstration of "ze lates" from gay Paree colored wigs to match the gayest of colored gowns.

Even Pink Will Do. Blue hair, green hair, purple hair, cerise hair, any color of hair is "au fait" if it is the same color as the gown of the wearer. This is the edict of the hair dressers. Only one concession is granted—the gaudy wig may contain a blotch of white, as though the wearer had become prematurely aged or had neglected to dye one corner. The plan was first tried by the tinselled mondaines in the clothes gardens of the Riviera. Now it has struck Chicago, and in one of the ateliers where the first of the freak wigs are shown two sales were reported. Possibly the purchasers had seen Helen.

Paid? That's Easy. "Just bring in a sample of the gown. We will make the wig to match it," said one of the hairdressers.

"But my new dress is paid," said a prospective customer.

"Paid? Oh, that's easy. We will make a two-tone effect—say two strands of red hair to one strand of green, or an underlining of black with white hair. Hair experts promise to produce colored heads that will make Pastors, the dreams of rarebit flenders and the screams of the cabaret painters look as pallid as a 37-cent shirt after it has been through the laundry.

UNCLE AND NIECE SUICIDE. (ASSOCIATED PRESS TELEGRAM.)

San Francisco, Jan. 17.—Registered under the name of A. B. Wood and a woman known as Blanche Wood, his niece, committed suicide by shooting themselves at a hotel here last night.

voted on at the next meeting. One new member was taken in last Tuesday evening. All the members are urged to be present Tuesday evening at 7:30 p. m. prompt, as there will be initiation and business of importance to attend to.

HOME GUARDS OF AMERICA.

The Guards met Wednesday evening and had a good attendance, this being the evening of installation of officers. Counselor appointed for Grand Counselor D. G. Baughman and Grand Guide, Walter Daughman. They did the work very nice and installed the following officers:

Counselor—J. H. Westbrook.
Vice Counselor—Ada I. Balen.
Past Counselor—James W. Gundy.
Chaplain—John Smith.
Recording Sec'y—Amanda Skeen.
Financial Sec'y—John M. Gundy.
Treasurer—Muriel Payne.
Guide—Mr. Moore.
Conductor—Ollie Hughes.
Inner Shield—Leo Huffman.
Captain—James W. Gundy.
Plaintiff—John Baughman.
Trustee—R. N. Walker.

Next meeting Wednesday evening, Jan. 14. After the meeting members will all enjoy an oyster supper given by the new officers. The Home Guards will give a dance in the A. I. U. hall on Jan. 28. Admission 10 cents.

MODERN WOODMEN.

Cedar Camp No. 4727, M. W. of A., met in regular session on Wednesday night. Since the change from Monday night to Wednesday night the neighbors have been attending the camp in great numbers and we hope that more of the neighbors will turn out to the meetings.

District Deputy Redding presented ten applications for beneficial membership at the meeting Wednesday night. Remember, neighbors, that the next Head Camp of the M. W. of A. will be held at Toledo, O., and if you secure two beneficial members before June 1, you get a free railroad ticket from Columbus to Toledo and if you secure six beneficial members you get in addition to the railroad ticket, ten dollars for expenses. Considerable business was transacted at Wednesday night's session and an invitation was extended to the officers and team of Ohio Camp of Columbus to visit Cedar Camp on Wednesday night, Feb. 4, and put on the ceremony of adoption. A class will be adopted on the first regular meeting night in February. A great many of the neighbors who wanted the meeting night changed from Monday to Wednesday night should show their appreciation by coming to the meetings. Now get busy neighbors, and let us have work on each Wednesday night, as the new officers and team will be glad to put on the work if the neighbors will bring in the candidates.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat which forms uric acid.

When you wake up with the backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and laggard. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to cleanse the blood and strengthen the kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

FOR FROST BITES AND CHAPPED SKIN.

For frost bitten ears, fingers and toes; chapped hands and lips, chilblains, cold sores, red and rough skins, there is nothing to equal Bucklen's Arnica Salve. Stops the pain at once and heals quickly. In every home there should be a box handy all the time. Best remedy for all skin diseases, itching eczema, tetter, piles, etc., 25c. Recommended by Frank D. Hall.

TO SELL CONTRACT FOR TWELVE MILES OF NATIONAL PIKE

County Engineer Swartz has prepared specifications and county commissioners will sell the contract, February 20, for the twelve miles of National pike through this county.

The work will cost in the neighborhood of \$250,000, according to Engineer Swartz, of which sum the county pays \$140,000, the federal government \$70,000, and the state pays the balance. Work on the improvement will start in the early spring.

Commissioners are much annoyed with the pike problem, as there are now nine pike petitions before the board.

GIVE PROGRAM OF APPELATE COURT TO BE HELD HERE

Attorneys and others in the country will be interested in the positive announcement which has been received here fixing the time for sessions of the Court of Appeals, before which a number of Licking county cases are to come.

On March 31 the Court of Appeals will be in session here for the purpose of hearing cases pending in counties other than Licking, and which business the court will dispose of first. The last business to be disposed of here will be the Licking county cases now pending, which the court will take up on April 28.

Basketball Season Opens Tonight at Swasey Gymnasium

Kenyon will be the attraction at Swasey gymnasium this evening and will open the conference basketball season for Granville at 8 o'clock tonight. The up-state men are touted as having a strong squad this year and the contest should prove interesting. Coach Livingston's warriors have been working hard this week and are in fine fettle for the game. Jones, the star left forward of the Baptists will be kept out of the contest due to an injury received at Wooster last week. Biggs will probably be used in his place.

TANGO DANCE INVADES LOCAL POLICE CIRCLES

Hist! The tango craze has invaded the police department. If you see a blue coated officer weaving gracefully, on his tiptoes, while patrolling his beat, do not be surprised. He is merely memorizing the tango steps as taught by the teachers who have taken the city by storm.

Bob Francis, driver at headquarters, is blamed for the craze in the department. He attended a session of the tango school Friday night, appeared at headquarters dizzy, not only from the whirling dance, but from the excitement.

He grew so enthusiastic in his description of the dance, illustrating the various steps with the grace of a noble courtier that Patrolmen Abbott and Donley, the heavyweights of the police department became interested. Their eyes glistened with excitement and they immediately demanded that Francis teach them what he had learned of the dance. There is a chance that the policeman's ball, which was popular in years gone by, might be revived. And if such is the case, do not be surprised if a police order is issued prohibiting every other kind of dance but the tango.

Get in. The dancing's fine. Everybody's doing it.

GENERAL OROZCO REPORTED DEAD

(Associated Press Telegram)
Washington, Jan. 17.—Brigadier General Tasker H. Bliss, in a message to the war department today reporting the arrest of General Jose Ynez Salazar at San Antonio, Texas, said Brigadier General Pasker, commanding the first cavalry brigade, had received a report of the death of General Orozco. No details as to time or place were given. The last officials here heard General Orozco was supposed to be in Cuatro Ciénegas, Coahuila.

TO INVESTIGATE CONDUCT OF THE YOUTHFUL WIFE

Esther Hitch, who was defendant in a divorce hearing before Probate Judge Robbins Hunter, Friday, has been summoned to appear in court for investigation. Mrs. Hitch is said to be only a trifle more than 17 years old. Witnesses Friday testified that Mrs. Hitch said she would take a sentence to the Delaware institution for girls in preference to living with her husband. There is some indication she will be given a chance to choose.

Following the testimony of witnesses in behalf of John Kitch, Judge Hunter ordered Mrs. Kitch and her parents to be notified to appear. It seems the testimony was so convincing to the court that the youthful wife of Kitch will be compelled to explain her conduct and if the explanations are not satisfactory correction will follow. The court's action in the divorce proceeding was withheld pending investigation of the case.

MAY CONTRACT WITH "WORKS" FOR PRISONERS

Mayor R. C. Bigbee and Safety Director Dayton are making inquiries regarding the exposure of caring for prisoners in workhouses in Zanesville, Columbus and other points, with a view of reducing the number of arrests here on misdemeanor charges.

In all probability action will be taken before the end of the month which will furnish the city with a place where petty offenders can be sent where they will be required to work.

According to information secured by Mayor Bigbee Saturday morning, the Columbus institution has increased its rate for prisoners from 40 cents to 60 cents per day. This caused a slight change in plans as it had about been determined to send the prisoners to Columbus. The matter is in an indefinite stage now.

Mayor Bigbee hopes that workhouse sentences will tend to keep better order among the chronic offenders. He also hopes that by sending them away from the city that many will not come back. He believes that the daily expenditure will be a profitable investment.

"THE EVACUATOR" IS CERTAINLY IN BAD

(Associated Press Telegram)
Mexico City, Jan. 17.—The federal war office today declared that if General Salvador Morado, lately commander of the federal troops at Ojinaca returned to Mexico, he will be court-martialed by the first federal force he encounters.

Government officials have nicknamed General Morado "The Evacuator." They express dissatisfaction with the manner in which he abandoned the towns of Parral, Chihuahua and Ojinaca.

MAN FALLS AND FRACTURES LEG IN TWO PLACES

Benjamin Varner, son of Charles Varner of Clarendon street, miscalculated the number of steps at the home of a relative in Indiana street where he was calling Friday afternoon, stumbled and fell, and suffered a fracture of the right leg below the knee. This is the second fracture of the same leg which Varner has suffered in the past few months. He was a victim of a motorcycle accident a few months ago in which his leg was fractured in three places. In his latest fall, both bones of the leg were broken. Drs. Knauss and Bank reduced the fracture and Basler & Bradley's ambulance removed the young man to his home.

HEALTH BOARD URGES FILTERED WATER FOR CITY

Better filtering appliances for the municipal water plant will be recommended to the service director and the city council in the annual report of the board of health which will be presented to council Monday night. At a meeting of the board held Friday night at the office of the health officer, a resolution was adopted "calling attention of the service director and the city council to the present unfiltered condition of the city water supply and recommending better filtering appliances."

The meeting was the first of the board to be held since Mayor Bigbee assumed charge of the city's executive department. Mr. Bigbee presided at the meeting.

The annual report of the department of health which goes to the state board as well as the city council, was approved by a vote of the membership. Besides the subject of the city's water supply the report will recommend the construction of a drainage sewer in the Jackson-Valley street district. The legislation for this improvement was passed and the work was ready to proceed when the right of way through private property was withdrawn. This made the legislation void and new resolutions and ordinances will be necessary. The report also states that there were 407 deaths recorded by the local department in the year just closed.

GUARDIAN MAY CHECK DESIRE TO SPEND WEALTH

When a youth proceeds recklessly to expend his substance in riotous living and friendly advice fails to check his ambitions to palut with crimson the primrose path, there is recourse.

This found illustration Saturday morning in the case of a young man who was brought into probate court by Patrolman Hurlbaugh and Donley. It is probable that Probate Judge Hunter will appoint a guardian for him. The young man was injured several months ago in a railway accident, and received a substantial sum of money in settlement for the accident. He deposited the amount in a local bank as a checking account. Authorities recently have had their attention drawn to the fact that the checking is being done on the wholesale plan for big expenditures. It is said, and there is some belief that the nature of the accident may account for the young man's desire to spend money too freely.

MOTHER PUNISHED FOR DESERTION OF HER TWO INFANTS

Maud Kelley, mother of two infants whom she is charged with having abandoned, was brought back from Piqua, O., where she was located after a search by juvenile court authorities, and turned over to the court by Juvenile Officer John Dwyer. Her husband, who was the complainant, is now under bond to the April grand jury on a charge of obtaining money under false pretense. As yet bond has not been furnished and Kelley is in jail.

Juvenile court attaches have seen to it that the two children are being properly cared for in good homes.

Mrs. Kelley entered a plea of guilty to the charge against her, although she offered the defense that she went to Piqua in search of employment, which she was unable to find here. Judge Hunter fined her and ordered her committed to jail until the fine and costs were paid, but later suspended sentence on her promise of good behavior. She was denied permission to see her children, however.

RADIUM PATIENT IN SERIOUS CONDITION

(Associated Press Telegram)
Baltimore, Md., Jan. 17.—The condition of Miss Margaret Quayle, daughter of Bishop Quayle of the Methodist Episcopal church, who is here, was reported to be serious today.

Miss Quayle showed signs of improvement after the treatments started, but she has been suffering with the disease for about 17 years and it is said to be in an advanced stage.

Students working their way through Princeton university earned more than \$20,000 dollars during the academic year ended last June.

NOTED PIANIST WILL APPEAR AT GRANVILLE SOON

To Initiate Music Course Given by Musical Societies of Denison University.

Granville, Jan. 17.—Marcian Thalberg will appear in the opera house on Saturday evening, Jan. 24. Thalberg is a pianist of wide reputation, having achieved great successes in Europe, and is now entering into the American field of concert work. He was born in Odessa, educated in Lausanne, and was prepared for a career on the piano by Dr. Carl Reineke and Reisenauer of the conservatory of Leipzig, two of the greatest teachers of the piano in the world. He has been located in Paris since 1902 but has been heard in many of the larger cities of the continent. This number will initiate the music course, which is being given under the management of the musical societies of Denison.

Blanche Horton, manager of the Granville telephone exchange received a large number of postcards from her friends Friday in remembrance of her birthday.

Miss Ella Howe arrived from Columbus last evening to spend the week-end with her parents, Mr. and Mrs. Howard Howe.

The management of the Adytum has just closed a contract with the Franklin Printing company of Columbus, who will print the Adytums for 1914.

Prof. T. S. Johnson was recently made an associate member of the American Society of Civil Engineers. The head of the engineering department formerly was a junior member and the higher rank comes as a distinct honor, merited by his extensive knowledge of engineering. The society is composed of the foremost engineers of the country.

On Wednesday evening, January 21, at 8 o'clock in Recital Hall, the Clef club of the Denison Conservatory will present the opera, "The Egyptian Princess," parts will be taken wholly by the members of the newly organized honorary music society.

Dr. Emory Hunt, former president of Denison, spoke to about forty students and alumni of Denison gathered at the Hotel Edward for luncheon on Saturday, Jan. 3. Prof. T. S. Johnson acted as toastmaster and speeches were made by all who attended.

MAYOR BAKER SIDES WITH GOV. COX

Mayor Newton D. Baker, of Cleveland is making a visit to Washington and has taken opportunity to line up for Governor Cox in the talk regarding the opposition of Congressman Whitacre, which all the Ohio delegation deprecates.

Mayor Baker seems to be on the Governor's side notwithstanding the fight that the Cleveland Equity Association (so-called) has been instigating against him over the Referendum frauds.

On Second Thought

What has become of the old fashioned man who wore a blue army overcoat?

After a man is fifty his ambition is satisfied with keeping his life insurance premiums paid up.

Another inviolable rule is that no man should marry a woman who has children as old as himself.

A smart dog is one that can withstand the temptation to catch a wolf.

The rule that those who believe it is vulgar to wear them are too poor to own diamonds.

Nobody seems to understand why those who are not afflicted with it consider sea sickness the greatest joke.

Readers of current magazine literature note with some surprise that the marriage of Emma McChesney and T. I. Buck, Jr. of the Featherloom Petticoat Company has again been postponed.

A recent controversy has aroused some curiosity concerning the caraboa. It all depends. In the Philippine Islands a caraboa is a water buffalo; in a circus it is a bovalupus.

The theory that demand regulates the supply is faulty insofar as it applies to the female impersonator.

Fred Landis former Congressman from Indiana says "The clothes the women are wearing have caused men to be more polite than they used to be. Formerly when a street car came along during a rush hour the men crowded forward elbowing the women back and were first to get aboard. Now they stand aside and wait until every lady has had a chance to climb up the steps."

WINTER CLIMATE.

The belief is entertained quite widely by many people in the northern half of the United States, that winters are steadily growing milder, and that snow fall is lighter.

January weather so far this year has been cold enough to indicate that Mother Nature hands out about the same goods from one generation to another. It will be remembered also that in January 1911, there was a considerable period of exceptionally cold weather.

As respects snow, this is allied with the mystery of rainfall. In many sections nearly every year for a decade has shown a sharp decline in precipitation. The drought in Kansas and other states broke all records. Of course if no moisture falls, there can be no snow.

As storms come from the oceans by which the United States is bounded, and as these have not dried up appreciatively in the past decade, it will take more than 10 years to prove any permanent decline in the water supply.

Good for express companies, which now begin to advertise in the newspapers an dshow some enterprise! Formerly the profanity of their patrons gave them all the advertising they wanted.

A large number of investors, who are too clever to put their money into savings banks at four per cent, now have a line of Mexican government bonds on which interest has been defaulted.

Even time is not without its vagaries. Some people reach the age of discretion much earlier in life than others.

Many of our conscientious people feel that they can't condemn the tango intelligently unless they learn to dance it.

Much anxiety is felt in Congress lest there should be a surplus after the appropriation bills are passed.

Uncle Walt

Workers All.

We are workers, all and sundry, toiling at our daily chores; some are cooped in gloomy buildings, some are working out of doors; some with thews and muscles labor, some are striving with the brain, and no work that's done in earnest ever yet was done in vain. There's reward for every effort if we to our duty keep, till the whistle blow at nightfall and we journey home to sleep. Some must work for little wages, other men have coin to spare; but the first are often happy while the last are full of care; some must rise at early morning while the others slumber late, but the gods who watch the workers in the end make all things straight. Let us build and spin and reap, till the whistles blow at nightfall and we journey home to sleep. We are workers, only workers, on this whirling ball, and the Boss is leaping cases on his helpers, one and all, when we all line up for judgment on the fateful final day, each according to his record will be handed out his pay. Let us labor then with spirit—let us not like sluggards creep, till the whistles blow at nightfall and we journey home to sleep.

GEM ROBBER IS OPERATING IN CLEVELAND, O.

(Associated Press Telegram)

Cleveland, Jan. 17.—The theft today from Mrs. Randall Crawford of a suit case containing jewels valued at \$5,000, has led police to believe that a clever gem robber is operating here. The suit case was taken from a street car on which Mrs. Crawford was riding. It contained several ropes of pearls, diamond wedding jewelry and diamond studded sets. New York police have also wired Cleveland officers that they believe the thief who stole \$5,000 worth of diamonds from a partner in J. P. Morgan & Company on a Lake Shore train last November is hiding in Cleveland.

Many girls, he declares, have been sold into slavery. He tells of many children fainting in schools, sick from lack of food.

The investigator of the department of the interior, who wired the government this morning regarding the number of survivors from the island of Sakura, reports that he saw pumice stones three and five feet in diameter that had been vomited from the bowels of the earth. Lava mounds are forty feet high.

Members of a party rescued from a cave recounted how they saved themselves from being roasted alive by holding thick boards on their heads. Japanese umbrellas having shrivelled in a few minutes after their frightful flight began.

They were in the cave for three days and expected death every minute of the time. They had no food but found some drinking water.

Messages of sympathy with Japan in connection with the recent disaster in the south are pouring in from all parts of the world and especially from American and England. Both President Wilson and Secretary of State Bryan have sent despatches.

Contributions of relief have been made by the American Red Cross, and the naval society.

Physical Change Has Occurred in Sakura District

(Associated Press Telegram)

Kagoshima, Japan, Jan. 17.—Professor Omori, the Japanese seismologist, who arrived here yesterday circled the island of Sakura today and found a pronounced physical change. Huge molten rocks formed a range into the sea, practically blocking the bay across the Osumi. Many dwellings remain in perfect condition on the northern coast but on the devastated eastern coast ashes and lava reach to the eaves of the houses. Many new hills have sprung into existence. The professor saw a woman on the shore, but when he spoke to her she fled wildly into the interior. She was undoubtedly insane. Horses and cattle dogs and cats swarmed in the vicinity of one damaged house he saw.

The new craters formed on Sakura-Jima, are still pouring volumes of smoke in the direction of Osumi. About seven-tenths of the island is a desert of Lava and the remaining land is in such a hopeless condition that it must be abandoned. Fifteen hundred of the 2,000 houses in the island were buried. The estimated damage on this account is ten million yen (\$5,000,000).

How to deal with the islanders is a great problem, the professor says but evidently they must migrate.

Professor Omori thinks the entire volcanic range of Kiusiu has entered upon a period of activity that occurs every sixty years and that eruptions may be expected at any time especially from the volcano I-n-zen, eight miles from Okima in the prefecture of Nagasaki. The geologist Okada is of the opinion that Sakura-Jima will continue in eruption for a month.

Bluejackets from the Japanese fleet today discovered a native craft containing sixteen refugees from Sakura who were in a starving condition. They reported that owing to the floating masses of pumice stone and the high seas they had been unable to steer their boat and had spent three days adrift at the mercy of the elements and without a morsel of food. The bluejackets were able to reach them only by using a wedge-shaped raft with which they pierced a field of pumice stone resembling ice flows.

Lava today was floating steadily down the sides of the volcano, increasing the height of the island as it solidified on reaching the water. It is still impossible to give anything like an approximate estimate of the number of victims of the recent eruptions, earthquakes and a tidal wave. Some officials here expressed the hope that all escaped from Sakura. Others are less optimistic.

Professor Fusakichi Omori, the seismologist pointing today to the village of Yokohama on Sakura, where 400 houses lie buried in lava, said are the people buried there as in Pompeii and answered himself "only the future can reply."

Many refugees are reported to have been driven insane as a result of terror and exposure.

Over a million letters and eight thousand telegrams are being in Kagoshima awaiting delivery.

Your cold will break and all gripe misery end after taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffing! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

Wisdom from Washington

By ARTHUR W. DUNN.

Washington, Jan. 17.—[Special.]—If a man lives long enough he may get what he wants. That seems to be the case with the Hon. Isaac Sherwood, last general officer of the civil war to hold a seat in the house. He has recently printed a speech in the Record, under the general leave granted when the currency bill was finally passed, in which he points out that so called greenback views be held forty years ago are at last indorsed.

"Almost forty years ago," says General Sherwood, "when I was on earth the first time representing the same congressional district I am now trying to represent, I made a speech on the subject of finance." He then went on to detail some of the facts of finance at that time. It was just after silver had been demonetized. The issue of greenbacks had been reduced to \$340,000,000. It was held that sound money, gold, should be used to redeem every dollar. Those who wanted more greenbacks were called "rag money lunatics."

The "Promised Land."

General Sherwood said that now, "after forty years of experience in fiscal economics, with two disastrous money panics fresh in memory—1893 and 1907—we have just enacted a banking and currency law that provides for more inflation of paper currency than even the wildest 'rag money lunatics' of 1874 ever advocated. I rejoice that I have lived long enough to be a 'sound money man' measured by my adolescent utterances forty years ago. After wandering in the wilderness I am now in the promised land without changing my views on this distracting question."

Good Times in the West.

"My information is that there are good times throughout the whole central northwest," remarked Senator Clapp of Minnesota. He did not support either the tariff bill or the currency bill of the Democratic party, although he is one of the senators regarded as ultra progressive. "The farmers of the northwest," continued Senator Clapp, "were somewhat disturbed about the probable reduction of the price of meat and wheat on account of importations from Canada, but in my opinion we could eat in sixty days all the meat Canada could produce. There will be a slight reduction in the price of wheat, perhaps, for Canada can produce large quantities of wheat, but not such as 'produce hard times. It looks to me as if business was booming in that region."

Never Happened Before.

"It seems to me we are 'resolving' on a great many subjects." Those words came from Senator McCumber of North Dakota, and the senate felt

a cold chill. Never before had such frivolous speech been uttered by him in the fifteen years he had been a member of that body. Careful, slow, deliberate, complete, well formed sentences only have ever been allowed to escape from McCumber. Slang! No wonder the senate was surprised.

Bacon and Lodge.

Senator Lodge of Massachusetts came to the senate twenty-one years ago. Senator Bacon came one year later. They are the most "senatorial senators" in the body. They are well informed regarding the rules and rather tenacious about having them enforced. Next to Gallinger, Lodge has been longer in continuous service than any other man. Bacon is the senior on the Democratic side or, rather, contemporaneous with Tillman, but the South Carolina senator does not take an active part.

"Elder Statesmen" Control.

Several years ago when we referred to the "elder statesmen" we meant such men as Aldrich, Hale, Gallinger, Lodge and later men like Smoot, Warren and Clark on the Republican side. It was supposed that the era of "elder statesmen" had departed when the Democrats took control of the senate, but there are strong evidences that it has been simply transferred across the aisle. The younger element start out bravely, earnestly and vigorously to put certain measures through, and at once they feel the brakes. Bacon, Martin, Simmons, Newlands, Overman, Stone and Clarke apply the pressure which puts the brakes in motion. These men insist upon measures going to their committees, in which the "elder statesmen" have control. The new senators might like to act rashly, but they can't. It is the way of the senate.

Slayden's Assumption.

Congressman Slayden of Texas was presiding in committee of the whole while Congressman Hinebaugh and Madden of Illinois were discussing something in a low tone. "The chair assumes," said Slayden, "that the two gentlemen were not conversing about anything bearing on this bill, for they have not been talking loud enough for any one to hear them."

COBB WON'T TALK ON FEDS OFFER

(Associated Press Telegram)

Augusta, Ga., Jan. 17.—Ty Cobb was told at Royston today that the Federal League club in Chicago had offered him \$75,000 for five years, with the first year's salary to be paid in advance. Cobb said he did not care to make a statement until he returned to Augusta Tuesday or Wednesday.

"I'll tell you all about it then," he said, but did not intimate what he would do.

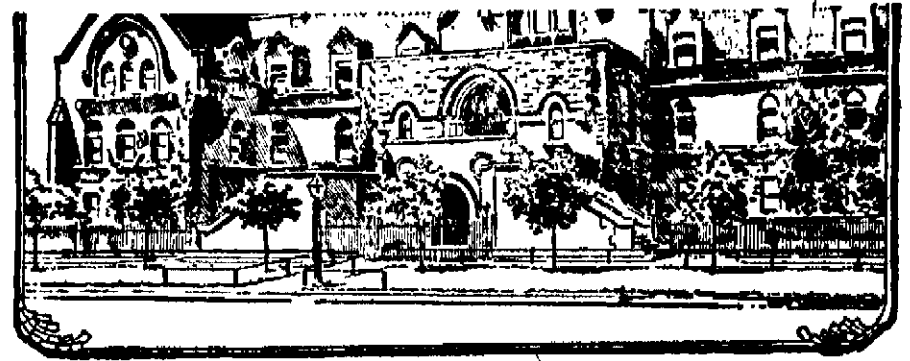

TURN HAIR DARK WITH SAGE TEA

Grandma kept her locks dark, glossy and thick with a simple mixture of Sage Tea and Sulphur.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we won't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair. HOSPITALS AND INSTITUTIONS Use Peruna for Coughs, Colds - Grip

With the approach of winter colds and grip are prevalent. Both of these need to be treated at once, to prevent them from becoming very serious. It is interesting to learn in this connection that numerous charity hospitals are using Peruna. Peruna seems to be successful in their hands in the treatment of colds, cough, grip and dyspepsia, and in all other cases where a reliable tonic laxative is required.

A Prominent Charity Hospital in Quebec Writes as Follows:

"Although we have used Peruna for only three or four weeks, we are happy to state that it has been with excellent results. Several persons suffering from dyspepsia and constipation have been benefited by its use."

A Later Letter States:

"We are pleased to say that we have found Peruna a very good and useful remedy in several cases, and we are happy to recommend it to others."

Another Canadian Hospital Writes:

"We have been using your Peruna during the past month and we take pleasure in stating that the results obtained thus far are most satisfactory." A later letter states: "We have used your remedy in a number of different cases and the result obtained is very good."

Convent Uses Peruna for Grip.

A prominent Montreal, Province Quebec, convent writes: "Some of our Sisters have used Peruna with happy results. It is especially good as a tonic after la grippe, or a severe cold."

Ask Your Druggist for Free Peruna a Lucky Day Almanac for 1914.

Another Canadian Hospital Reports Its Experience.

"We are happy to tell you that your Peruna has given us satisfaction. Three patients have tried it. One 68 years old, Benoit Dupuis, afflicted with catarrh, is much relieved, more than has been for a number of years. A young girl, 15 years old, had an obstinate cough, which half a bottle of Peruna caused to disappear. As to myself, two bottles have convinced me that Peruna is magnificent as a tonic. Before the treatment I could not walk for a quarter of an hour without experiencing much fatigue. Now I can walk a mile easily. Through these three cases we desire to make known to the public the efficiency of your remedy."

A Later Letter Highly Recommends Peruna for Colds and Catarrh.

"Three weeks ago I wrote to tell you how satisfactory we found Peruna. We recommend it highly for colds, catarrh and neuralgia. I have used it myself as a tonic with the best results, taken as directed, half a teaspoonful every half hour."

A Well Known Institution in Quebec has Found Peruna Useful in Indigestion and Debility.

"We have given your valuable medicine, Peruna, a fair trial, and it has given general satisfaction to our patients suffering from weak digestion, debility and nervous headache."

Treading decorously, to the count of one, two, three, etc., Newark toms, young and old, were made familiar with the mysteries of the tango, on Friday evening at Assembly Hall, when Miss Margaret Naddy of Columbus gave her first lesson in the much derided, much censured and still most popular dance.

It is odd how often a thing is condemned from hearsay, when it has not been seen. For the opponents of the new dance, it is to be wished that they might have viewed Miss Naddy's class on Friday evening taking the steps, with all the dignity of the stately lancers.

The class, numbering sixty, responded readily to the instructions of Miss Naddy and soon the majority had mastered the step. Miss Naddy returns again Monday evening when she will instruct in the Cuban waltz, and the hesitation waltz.

Mrs. Pearl Hildreth was hostess to the Minerva club at her home in Twelfth street on Thursday afternoon. Sixteen members responded to roll call and a very interesting business session was held, after which the hours were given to needlework and a social conversation.

At the close of the afternoon delicious refreshments were served, after which the club adjourned. The guests were Mrs. Burton Jones, Miss Vera Jamison of Newark, and Mrs. George Hildreth of Alexandria. The next meeting will be with Mrs. Homer Allison, 105 Moult street, January 30.

DOSS-KIRKPATRICK.
Announcement is made of the marriage of Miss Rosa Frances Kirkpatrick, daughter of Mr. and Mrs. B. F. Kirkpatrick, of North Eleventh street, and Mr. Samuel Doss of Rosebud avenue. The ceremony was performed on Monday evening at the home of the officiating minister, Rev. Mr. Hollowell of the Congregational church. They were attended by the bride's sister, Miss Emma Kirkpatrick and Mr. Everett Seal. The groom is an employee of the Ohio Electric company, and the bride was an employee of the Midland Shoe company. Mr. and Mrs. Doss will reside in this city. They have the best wishes of their many friends.

A number of Odd fellows called at the home of Mr. and Mrs. T. E. Holton in Buena Vista street Friday evening and surprised the former. The host after recovering from the surprise made his guests feel at home and after cider and apples had been passed and while all were enjoying fragrant Havanas an elegant rocking chair was brought forth and presented to Mr. Holton in honor of his recent marriage. He responded in a few well chosen words after which a good sociable time was enjoyed by all.

Mr. Holton's able helpmate served an excellent luncheon, being assisted by Mrs. E. H. Camp, Mary Louise Spees, Irene E. Hay, Lottie Holman and Nevada M. Holman.

The others comprising the surprise were L. H. Spees, R. J. Brooker, H. A. Bell, M. W. Squires, E. H. Camp, W. F. Outman, C. L. Cordray, W. P. Fairall, G. F. Orr, W. J. Holman, A. Gobel, Lewis Spees, George Denelsbeck, W. C. Seward, C. A. Spees, J. E. Wilson, B. A. Price, M. T. Bell, H. L. Meek, A. G. Huff, C. W. Boyd, O. T. Walters, W. G. Holman, G. F. Glaunsinger, and J. G. McArthur.

One of the pleasing events of the week was the miscellaneous shower given by the Busy Bee Embroidery club at the home of Mr. and Mrs. Amos Horner last Thursday, in honor of their daughter, Mrs. Charles Spiker, who was recently married. Mrs. Spiker received many pretty and useful gifts. At the noon hour an elaborate dinner was served to the guests and members of the club. Mrs. William Hoskinson will entertain the club January 29.

A very pretty miscellaneous shower was given at the home of Mrs. Jennie Brown in South Fourth street on Thursday evening. The event was planned to honor Miss Anne Moran, a bride to be. The rooms were prettily arranged with the color effect of red this being used in the hearts, festoons of which were used, and in the flowers and candles. Above the honor guest's chair had been suspended a large heart which was filled with rice and Miss Moran was showered with it. A delicious luncheon was served the guests, who were the clerks of the Nevers & Lindorf store and Misses Sue Fullin, Agnes Murphy, Mary Moran, Eva Moran, Ruth Hanks and Mrs. Esther Abbott.

The attractive lodge rooms of the Newark Lodge of Elks were thronged on Friday afternoon by many women, all wearing stunning and attractive gowns, when the lodge entertained with a eucire party.

Carnations were used in profusion and during the hours, which were from 2:00 to 4:30, an orchestra furnished a delightful program. At the conclusion of the game the souvenirs were awarded to Mrs. Kelly and Mrs. George Kimball. The guests numbered about seventy.

Mrs. John A. Prior of 111 South First street, will entertain the L. C. B. A. Monday evening, January 19.

The members of the Monday talks will be entertained on the club day of next week at the home of Miss Laura Jones in North Fourth street.

A luncheon of delightful appointments was given on Friday afternoon by Mrs. W. C. Gardner at her Hudson avenue home. Small tables were arranged throughout the various rooms, and each was centered with a cluster of sweet peas of the varied colors.

Following the luncheon bridge was played and the souvenir for the game was awarded to Mrs. Harry Scott.

Among the guests was Mrs. Max Vance of Pittsburgh, who is the guest of her mother, Mrs. Charles Follett.

The Courts

Divorce Petition.
After having been married since Jan. 31, 1885, Albert S. Householder filed suit in common pleas court Friday for divorce from Dorothy Householder, charging that she abandoned her home and family July 28, last, and went to Columbus and has failed to return.

A Potato Problem.
Is a blind potato as much of a potato as any potato with all its eyes? Is a potato a potato whether Irish or of some other nationality? Having determined when a potato is a potato, how would you determine the status of a \$373.15 potato account? These are a few of the features that may enter into consideration when the court takes up the trial of the suit of R. W. Lecato, successor to Lecato & Drummonds, vs. John Strawn, of the former partnership of Strawn Bros. The suit on account was filed in common pleas court late Friday by Attorney W. D. Fulton.

Common Pleas Court.
In common pleas court on Friday, the court took up the trial of the case of Walter C. Betz vs. Anna Betz and Frank E. Slabaugh, Sheriff of Licking County. In this case the plaintiff seeks to enjoin the defendants from enforcing the payment of a judgment for alimony in the Probate Court, rendered in 1908. The plaintiff says that all alimony due and payable under the order of the Probate Court has been fully paid. He says that notwithstanding that the alimony has been fully paid from the time of the decree and the granting of the divorce, Anna Betz has caused to be issued from the Probate Court an execution directed to the Sheriff of Licking County, commanding him to levy upon the real estate of plaintiff to satisfy the balance which Anna Betz claims is due her, viz: \$920.

The defendant denies the payment of the amounts claimed to have been paid by plaintiff. The court heard the evidence; arguments of counsel, and took the case under advisement.

On January 24th, persons indicted by the last grand jury will be called upon to plead to the indictments. The court heard the arguments of counsel on Saturday morning in the case of Park DeCrow vs. the Bennington Oil & Gas company, and the case was taken by the court under advisement. The suit was brought in aid of an execution to collect a judgment.

MEMORIAL TO BRAVE WOMEN OF CIVIL WAR

(ASSOCIATED PRESS TELEGRAM)
Washington, Jan. 17.—Another notable addition to the national capital's beautiful "marble row" on Seventeenth street and almost within a stone's throw of the White House will be the magnificent Red Cross memorial to the women of the civil war, the site for which was announced today by Secretary Garrison, of the war department, chairman of the commission to select the location for the memorial.

The new building will take in an entire square between Seventeenth and Eighteenth and D and E streets, Northwest. Plans for the new building have not yet been selected. The commission charged with the supervision of its construction and of which President Wilson is a member, will meet next week to consider plans. President Wilson is taking a lively interest in the project. Of the \$700,000 already pledged towards the building, congress appropriated \$300,000. The remainder was given by private subscription.

BLAIR LEE SEATED.
Washington, Jan. 17.—The senate election committee today 7 to 2 voted to recommend that Blair Lee, Democrat, be seated in the senate to succeed Senator Jackson, Republican, of Maryland and by a vote of 9 to 1 determined to report adverse to the credentials of Frank P. Glass, appointed to succeed the late Senator Johnston of Alabama.

TRIED TO SLIP ONE OVER ON THE HEALTH OFFICER

Following the action of the health department Friday in condemning a car loads of bananas in the local railroad yards, investigation by officers of the department caused them to believe that an effort would be made to "slip one over" on the department, remove the bananas from the car and sell them in spite of the department's warnings to the contrary.

An officer went to the railroad yards soon after dark Friday night and watched the car, expecting to frustrate the efforts. It was not long before the watcher's vigil was rewarded and a wagon backed up to the car. The officer gave the men their choice of deserting the banana shipment or taking a ride to police headquarters. The men departed and the officer remained on guard until the car was placed on a Columbus-bound train.

Founder of New Thought Asks Divorce

Dr. Julia Seton Sears, founder of the New Thought Church in New York, has filed suit for absolute divorce against Frank W. Sears, naming as corespondent an actress named Pauline Langdon. The papers in the case were immediately sealed, but in them it was alleged that Sears frequently met the actress at her hotel.

Sears is the New Thought minister who married a young couple under a new set of rules for New Thought marriage, which Sears established in the church.

At the novel ceremony a woman in the balcony shouted to Sears as he was in the midst of the ceremony that a married man who is not free and is living illegally with another woman has no right to teach harmony.

The identity of the woman was not at that time disclosed, but it has since been learned that she will play an important part in the divorce proceedings.

Sears reply to the question was that if the couple were in harmony, they would be in a position to continue living together. In turn he asked the person in the balcony, "What of the proof?" But there was no answer.

LITTLE DISCUSSIONS OF LOVE AND MARRIAGE

Bills and Matrimony

"Bills play an important part in married life, don't they?" mused the Bachelor Girl.

"They play an important part in all life," responded the Bachelor. "Is there anything more unwelcome to see than the face of a bill?"

"I don't think, though, we ought to regard them that way. We bring them upon ourselves, and we enjoy the things we get by means of them."

"I guess it is because they stand for the day of reckoning, and we all hate that. But why do you think they are so much more important a part of married life than of the single?"

"I was thinking of their effect upon the character of some wives. A friend of mine, whose monthly household bills are frightfully high, is always going to keep them down next month, and would have done so this month, if something unexpected had not happened. Every month when the bills come in there is always a perfectly plausible reason why they are so high. One month it is unexpected company, and she had to buy chickens, and things for salads, and cake and ices, and so on. Another month there was unexpected cleaning, or the blankets and quilts had to be sent to the laundry. One time it will be because the dressmaker was there, or some one was sick and there was a nurse. And so it goes. Every month it is the same story. And next month it is going to be different. But the next month when it is different never comes."

"I suppose though, these things do actually happen; and so she can't help it," objected the Bachelor.

"Yes, they do happen. And they will keep on happening. And that is the very reason she ought to plan for them. The unexpected happens in family life every day. And one should allow for it in the expenditures. The trouble with her is that she spends to the limit of her household allowance for her regular needs; and then every month these unexpected things crop up and her bills run over the allotted amount. When such things happen she should contrive to do with what she has on hand, or she ought to put by a certain amount for emergencies. And she could have a fairly good idea of what this need be, by striking an average from past expenses. But she never does, and I guess she never will. And so her husband is getting to have a hunted look. I imagine he thinks that every stranger who rings the bell is a bill collector. And so you see bills do play an important part in married life. For before she was married, she never made such excuses, even to herself. But now when her husband looks formidable, she has to find some way to clear herself. I tell you bills have a lot to do with changing character; that is, after you are married," she amended.

"Bills then must be one of the flaws of matrimony," observed the Bachelor.

"It depends upon the kind," laughed the Bachelor Girl. "Issued by the government with the official seal of the treasury on them, they make the matrimonial journey go very smoothly. But the other kind cause jolts."

"SHAKESPEARE WISHED FOR A GOOD DIGESTION. I BRING IT WITH ME."

"May good digestion wait on appetite"

THAT was Shakespeare's old-fashioned way of expressing the hope that his friends might enjoy the pleasures of high living without having to take dyspepsia medicine afterward, as he did.

I go William one better. Instead of merely wishing my friends a good digestion I bring it to them. For example, you may not be able to digest pork chops, fried oysters or hamburger steak, prepared in the old way. You may be unable to eat pies and pastry, doughnuts and hot muffins because of the misery that is sure to follow the old-fashioned cooking of these things.

Try these cooked with Star Brand Pretzel Meal and note the difference. Chops and fried meats prepared with Pretzel Meal are not greasy and indigestible but they are delicate and savory and as good when cold as when hot.

Eat a cherry pie made with Pretzel Meal as a juice-retainer and you will discover that there are pies and pies and that the Pretzel Meal Pies are the kind that agree with you.

As for doughnuts and hot muffins—they are simply delicious when prepared with Pretzel Meal and they bring no indigestion with them.

I am good for making three hundred and sixty-five different things to eat. That means one menu daily for a year. I am good for everything on the bill of fare from soup to dessert and I not only make them taste better but I make them cost less.

Call for me today. The grocer knows.

FEDERAL TEAMS MUST SHOW BIG CLASS "CALIBER"

(ASSOCIATED PRESS TELEGRAM)
Chicago, Jan. 17.—Fate of the new Federal league, so far as the support of two of its principal backers, Charles Geggan and W. M. Walker, of Chicago, is concerned, hung in the balance at its meeting here today.

At an executive session reports from the club owners were presented to satisfy the demands of Weegman and Walker that the teams to enter the campaign next spring must contain lineups of "major league caliber." Weegman declared, after a long session, that three clubs, including his own in Chicago, had been shown satisfactory. If three more show the same "class," he said he would be more than satisfied.

Meantime it was rumored that Weegman and Walker had been offered a chance to get control of the St. Louis American league club. Weegman said three teams were shown strong enough. President Gilmore said five had been considered of major league caliber. The difference in their statements was taken to indicate a difference in opinion as to the qualifications of the teams.

Weegman said he was surprised at the strength of the three teams. He had considered that the Chicago nine was the strongest, on paper, in the league, but the lineups shown today made Baltimore appear the best.

"I am with the league to the end," said Weegman, "but at least six teams must show the first class lineup that was agreed upon when I went into the organization."

Color was given to the rumor of the St. Louis deal by the fact that R. L. Heddes Brown's principal owner accompanied President Johnson here from St. Louis today. At the same time August Herrmann, chairman of the national commission and President Navin of the Detroit club were in Chicago apparently to be on the firing line against the "outlaws." The partially successful raid on Navin's team by the Indianapolis Federates was thought to have brought him, President Heddes of Brooklyn and Murphy of Chicago, were the other marionettes on the "organized ball" side of the Federal.

"Chicago will not be in the Federal league and this means that there will really be no Federal league," declared a Major league leader in this city this afternoon. The league declined to allow the use of his name but asserted repeatedly that his organization was not a party beyond a doubt.

TO HEAR ARGUMENTS FROM CITIES AFTER THE RESERVE BANKS

(ASSOCIATED PRESS TELEGRAM)
Washington, Jan. 17.—The reserve bank organization committee left here today for a five weeks trip through the west, during which it will hear arguments by banks from most of the big cities west of the Allegheny mountains, who are in the fight to secure federal reserve banks. The first meeting will be held in Chicago Monday and then the committee will go through St. Louis and Denver, going south through San Francisco and Los Angeles and then east by way of Houston, Texas, New Orleans and Atlanta. The committee is due to return to Washington February 18.

STOPS FUNERAL AS PALLBEARERS LEAVE THE ROOM

(ASSOCIATED PRESS TELEGRAM)
New York, Jan. 17.—Efforts by the coroner to gain further information concerning the death of Richard D. Lankford, vice president of the Southern railway, asphyxiated by gas last Thursday in his Brooklyn home, delayed the departure today of the funeral party which accompanied the body to Princess Ann, Md., where it will be interred tomorrow.

As the pallbearers were leaving the Lankford home at the close of the funeral services, the coroner interfered, ordered the coffin to be set down and demanded the production of a strong box, belonging to the railroad man, which he had been told contained papers which would throw light on the question as to whether Lankford had committed suicide.

Not until promise had been given that the box would be turned over to him would the coroner consent to the removal of the body from his jurisdiction. He was told by friends of Lankford that it contained a letter to Miss Helen Patterson of Brooklyn to whom Lankford was to have been married today, and their wedding ring. He was further assured that the letter would not furnish the coroner the information he desired. The same clergyman who was to have married the railroad man to Miss Patterson today conducted the funeral services. Miss Patterson was a member of the funeral party. Fairfax Harrison, president of the Southern railway and other officials of the road were the pallbearers.

THIS IS WORTH MUCH TO YOU

The patrons of the City Drug Store are assured of the fact that no one is allowed to compound medicines here who has not had years of experience in the preparation and compounding of medicines and who has not been properly licensed by our State Board of Pharmacy. The duty of preparing medicine for the sick is a very important one, and one should be as careful in this as in the physician who prescribes. The City Drug Store has in constant attendance three registered pharmacists and it is thoroughly equipped to take care of your every need in the drug line. The freshest and purest of medicines are kept. The line of rubber goods is unexcelled. Every medicinal preparation of known value can be found here. It has the most complete line of toilet articles, stationery—in fact, every thing to be found in a modern up-to-date drug store can always be secured at the City Drug Store.

WONDERFUL COUGH REMEDY. Dr. King's New Discovery is known everywhere as the remedy which will surely stop a cough or cold. D. P. Lawson of Eldon, Tenn., writes: "Dr. King's New Discovery is the most wonderful cough, cold and throat and lung medicine I ever sold in my store. It can't be beat. It sells without any trouble at all. It needs no guarantee." This is true, because Dr. King's New Discovery will relieve the most obstinate of coughs and colds. Lung troubles quickly helped by its use. You should keep a bottle in the house at all times for all the members of the family. 50c and \$1.00. Recommended by Frank D. Hall.

DIZZY, HEADACHY, SICK, "CASCARETS"

You're Bilious; Constipated. Clean your sluggish liver and bowels tonight while you sleep.

Get a 10-cent box. Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver, delayed, fermenting food in the bowels or sour, gassy stomach. Poisonous matter clogged in the intestines. Instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels. A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

PUBLIC HEALTH EXHIBIT WILL BE SHOWN HERE

The Public Health Exhibit which is coming to this city is the latest enterprise of the State Board of Health in its campaign to carry the "Gospel of Good Health" into every county in Ohio.

The exhibit is quite elaborate, including a large number of electrical and mechanical devices which graphically emphasize the need of precaution in blocking the speed of preventable and infectious diseases.

Every night during the exhibit there will be free public lectures on health topics which will be of definite interest to every citizen of Licking county. These will be delivered by experts in the different lines of public health work, who will be sent by the state board of health. The lectures will be illustrated by especially prepared moving pictures on health matters.

For instance, Dr. E. F. McCampbell, executive officer of the state board, will lecture one night on the conditions which menace the health of the people in this state.

Dr. F. G. Boudreau, chief of the division of communicable diseases, who has been placed in charge of the epidemics as they break out over the state, will occupy an evening with his lecture on "Some Facts About Common Diseases."

Charles F. F. Campbell, executive secretary of the Ohio Commission for the Blind, who is at the head of the campaign in Ohio to prevent blindness among babies, will devote an evening during the exhibit to his lecture on "Blindness and its Prevention."

Dr. E. R. Mayhew, who was brought to Ohio to investigate the extent of occupational disease in the state will tell of the interesting results obtained to date.

Other noted speakers will be brought to this city and on the closing night of the exhibit a local public health league will be formed. This is the ultimate object for which the state board of health has spent a large sum of money to send these interesting speakers to our city.

Y. M. C. A. NOTES

The Junior Boy's Bible class met Tuesday evening at 5:30 for supper and study in the life of Christ. There were 10 present.

Two shop meetings were held this week. At the B. & O. shops on Wednesday noon, 30 men listened to a talk by Rev. Mr. Pake. Mr. Pake, Rev. Don D. Tullis and Mrs. Bonshire assisted with the music. There were 75 in attendance. F. E. Holloway spoke at the Heisey shops on Thursday. Mrs. Bonshire and Miss Bonshire assisted with the music.

The Association officers are beginning to plan for a delegation of members for the State Convention to be held at Canton, Feb. 20, 22. The Newark Association is entitled to 10 delegates.

150 boys attended the boy's meeting last Sunday. E. S. Randolph made an interesting talk, after which a film of moving pictures was shown.

The boy's meeting tomorrow will be addressed by A. R. Evans of the Licking Co. Bank and Trust Co. Billy Sunday and the May Pole dance at Orlentany Park, Columbus, will be shown in moving pictures.

Miss Lena Brillhart, who assists with the work at the Lunch Counter has been confined to her home with the Grip and C. A. Harter, the house superintendent, is nursing a case of the mumps.

A fine boy's orchestra has been organized for the Sunday meetings. Those boys wishing to join should see Paul Cosway, Richard Fattig or Homer Easterday.

ATTEMPTED TO FIRE FORMER RESIDENCE OF ROOSEVELT'S MOTHER.

(ASSOCIATED PRESS TELEGRAM) Roswell, Ga., Jan. 17.—Officers throughout this section assisted by detectives from Atlanta are searching for the person who recently attempted to set fire to Bulloch Hall, former residence here of ex-President Theodore Roosevelt's mother. The house is a picturesque structure and long has been one of the show places of Georgia.

The present occupant of the house yesterday found at the rear entrance a pile of papers saturated with oil, in the midst of which a lighted candle had been placed. The papers were partially burned. Blood hounds could not pick up the trail.

STOPPED HIS DRINKING

This Wife and Mother Saved Her Husband Over Ten Years Ago

SHE WILL GLADLY TELL YOU HOW FREE

Write to Her Today. Send No Money. She Has Nothing To Sell

For over 20 years Jas. Anderson of Hillburn, N. Y., was a confirmed drunkard. His case was about as bad as it could be, but a little over ten years ago his devoted wife, after years of trying, finally succeeded in stopping his drinking entirely.

Write to this woman if you have a relative or friend who drinks. Not only did she save Mr. Anderson but she stopped the drinking of her brother and several of her neighbors as well. All this she accomplished with a simple home remedy which any one can get and use. And she now desires to tell every man and woman who has a relative or friend who drinks, just what it is.

It can be given secretly if desired and every reader of this notice who is interested in curing a dear one of drinking should write to Mrs. Anderson at once. Her reply will come by return mail in a sealed envelope. She does this gladly, in hopes that others will be benefited as she was. One thing she asks however, and that is that you do not send money for she has nothing to sell. Her complete address is 123 Hill Ave., Hillburn, N. Y.

NOTE.—This offer should be accepted at once by all who have dear ones who drink. In fact, every one who has to contend in any way with drunkenness should know about it. Therefore, if you do not write Mrs. Anderson yourself CUT THIS NOTICE OUT and mail it to a friend who could use her advice. And even though you do answer it, MAIL IT TO SOMEONE ELSE who you think would like to know what Mrs. Anderson has to say. In other words, let this notice reach as many as possible for Mrs. Anderson will apply to every letter, no matter how many she receives.

PLEASANT HARMLESS

WONDERFUL CURE OF SCALP DISEASE

Hair Came Out in Patches. Goodhair Soap Brought Prompt Relief.

"I have had Eczema on my scalp for twenty years. Have doctored with several doctors, but with no permanent good results. The first time I used Goodhair Soap my hair came out in patches as large as a silver half dollar. I was scared and thought I wouldn't have any hair left. I continued to use the soap. I was told it was only the dead hairs that had come away. I continued to use the soap, and now, after three months, all those bald spots are covered with a good growth. My hair is better than ever. I have no Eczema, and my scalp never itches." Yours respectfully, HENRY STEPHAN, Utica, Ohio.

"I have used Goodhair Soap for the cure of dandruff and falling hair. I think it an excellent article for the purpose intended." DR. W. T. RANKIN, 137 E. State St., Columbus, O.

"Have had an eruption of the scalp for the past 15 years. Have tried all the popular remedies, and have found none to give relief, and cure until Goodhair Soap was used. Can say that I consider it the best scalp and skin curative soap on the market." W. S. ANDERSON, Druggist, NEWARK, Ohio.

EXECUTIVE BOARD MEETING AT COLUMBUS.

A meeting of the executive board of the Ohio Federation of Women's Clubs was held at Columbus, January 9 and 10, at the Hartman Hotel. This was the first meeting of the new president with her official board, and was an exceedingly interesting one. Much business of importance was transacted: plans for extending the work of the Ohio Federation, and for the furtherance of its many activities were formulated and discussed. The members of the standing committees were selected, and will be announced at an early date. The policy of this administration will be one of progression along all established lines of work, together with the launching of some plans for the enlargement and strengthening of the organization.

Miss Johnson fully demonstrated that she is a most inspiring leader and impressed each member with the responsibilities of her official position. We predict that under her leadership — the next two years will be history making ones for the Ohio Federation. The members of the executive board present at this meeting were Miss Anna B. Johnson, president, Springfield; Mrs. Aaron E. Price, vice president-at-large, Athens; Miss Eda M. Ballard, recording secretary, Lima; Mrs. Earl F. Davis, corresponding secretary, Clintonville; Mrs. Richard S. Baker, treasurer, Youngstown; Mrs. Howard Haskins, general federation secretary, Oberlin; Mrs. Walter E. Schutt, North-east district vice president, Cleveland; Mrs. Julius Fischer, South-east district vice president, Nelsonville; Mrs. George Zimmerman, North-west district vice president, Fremont; Mrs. Charles Hunt, South-west district vice president, Cincinnati; Mrs. Chas. E. Rockwell, director of press, Cincinnati; Mrs. William Harley Porter, auditor, Toledo.

MEETING OF THE SOUTH-EAST DISTRICT.

The Lancaster City Federation graciously entertained the clubs of the South-east district, of which Mrs. Julius Fischer of Nelsonville is vice-president, Friday, January 16. At the morning session a symposium of the City Federations with reports of work done and plans for future work, as held followed by a president's hour, with talks by the presidents of clubs of the South-east district. Many interesting points and suggestions of value were brought out by this discussion and proved a very valuable feature of the meeting.

Miss Anna B. Johnson, president of the Ohio Federation of Women's Clubs, was present and in the afternoon gave a very fine address on the Ohio Federation: going briefly into the work of women which has become so large a factor in the affairs of the state, and touching upon the responsibility of women toward this work and of the personal part to be taken and by each one of the new president and the members of the South-east district were most favorably impressed by her dignified and gracious presence. Miss Johnson is very magnetic, and possesses in a large degree the power of inspiring enthusiasm in those with whom she is working. Mrs. Frank W. Miller of Columbus gave a very interesting talk on the advance of education in Ohio.

The music at both sessions was excellent and was a courtesy extended to the South-east district by Miss Brunelle Miesse, organ; Miss Flora Mercer, piano; Mrs. Clark Beach and Mrs. Paul Durant, piano duet; Mrs. William O. Graham, vocal and violin by Miss Helen C. Ballinger, accompanied by Miss Helen C. Ballinger. Mrs. Julius Fischer, the charming and efficient district vice president, and Mrs. J. M. Roberts, president of the Lancaster City Federation are to be congratulated upon the success of this meeting, which was largely attended and which will doubtless inspire much good work through the clubs of the South-east district.

SOUTH-WEST DISTRICT MEETING.

The annual meeting of the clubs of the South-west district, Mrs. Charles

be made from the stage, except the few that are absolutely necessary. The plan is to place large bulletin boards in the foyer, where all announcements can be written. While there are drawbacks to this innovation, do you not think it will be worth the experiment? It seems a pity to take the precious time of the delegate body to give information that may be disseminated in some other way. I suggest that every state president have her bulletin committee, whose bulletins and see to it that their delegation is informed of important announcements.

For State President's Night, we have suggested the topic "What is your State's greatest need? What can the General Federation do to help supply this need?" We have had the bright side of state reports; perhaps the hour has now come when it will be wholesome for us to look upon the other side; this will not mean discouragement but rather a helpful survey of the whole field. Every State President will be asked not only to observe the time limit, but also adhere to the subject assigned.

There will be only two addresses of welcome: The Local and Federation Board agree that time has come for reform in addresses of welcome and in receptions. Everywhere we hear people of all organizations lamenting the time consumed by numerous welcome greetings which repeat the same idea over and over. We hear criticisms of receptions that are so large as to lose dignity and elegance, and hence degenerate into uncomfortable crowds. We believe Chicago has taken a long step forward in reducing the welcome addresses to two.

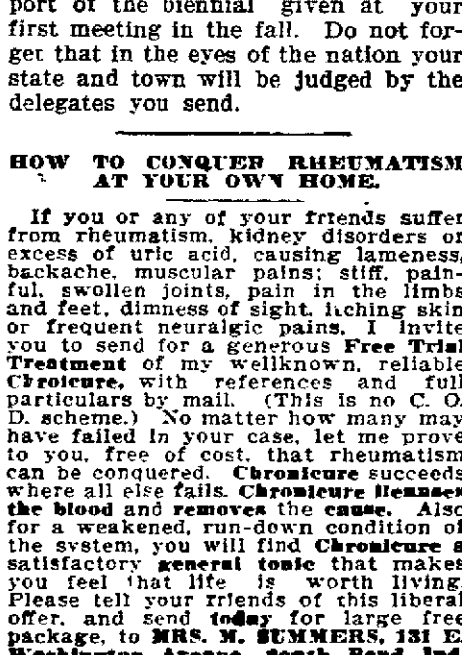

The one reception to be given will take place at night in the Art Institute which will be thrown open in its entirety to the convention: never has a city offered a more brilliant setting. There will be no formal receiving line, but numerous hosts will be in evidence to look after the comfort of the guests, and to see that women of different states meet each other; art lovers will also be on hand to point out the chief treasures of the gallery.

Mrs. Sneath is making heroic effort to prevent the program being so crowded that the convention will be on a tension. With two exceptions, every state meeting that I have attended has been run at a full speed in order to complete the program. Some blame the president for this, but it is the president's duty to execute the program accepted by the delegates as the order of business. If Mrs. Sneath has her way, she will arrange matters so that breathing space will be allowed, both to the presiding officers and the body at large. Saturday has been left free for Mrs. Helmuth's Pioneer Dinner and for other entertaining.

I beg the clubs and State Federations to exercise great care in the selection of their delegates to the biennial. While I have spoken of this before, yet it is my duty to reiterate. Select a woman who has the spirit and understanding to see what the Federation really means, and who can bring back much to the club. Make your delegate realize that she has a sacred duty to perform, that she must attend her part of the business meeting and conference, even if she neglects all social affairs. Have the report of the biennial given at your first meeting in the fall. Do not forget that in the eyes of the nation your state and town will be judged by the delegates you send.

CHILD'S PAINS.

A foul, disagreeable breath, dark circles around the eyes, at times feverish, with great thirst; cheeks flushed and then pale, abdomen swollen with sharp cramping pains are all indications of worms. Don't let your child suffer—Kickapoo Worm Killer will give sure relief. It kills the worms—while its laxative effect adds greatly to the health of your child by removing the dangerous and disagreeable effect of worms and parasites from the system. Kickapoo Worm Killer as a health producer would be in every household. Price 25c. All druggists or by mail.

High School Notes

"The Revue" for January is just published. This number is entitled "Examinations" from the fact that next week the mid-year examinations are held. One of the features of this number is the cartoon by the editor, Juliet Beauden. Some day she may rival Bud Fisher.

The next and fourth number of the lecture course comes next Tuesday evening, when Dr. Hugh Black, the great Scotch preacher, will deliver one of his many powerful addresses.

At a meeting of the Boys' Athletic association this week, Fred Nells was elected manager of the baseball team, and Joseph Hawkins manager of the football team.

The Girls' Athletic association, with Grace Jones as president, worked hard the past week to make the Denison Glee club a financial success. Margaret Moore had charge of the tickets, Catherine Butler was chairman of the committee on advertising

.....SATURDAY—TODAY—FIRST DAY.....

JANUARY CLEARANCE SALE

A TREMENDOUS SUCCESS

Thousands of Dollars In Savings On Winter Merchandise.

The first day of this great January Clearance Sale of all dependable winter merchandise, revealed crowds of shoppers eager to take advantage of the big bargains, we are offering. Toward night fall we heard countless expressions of genuine pleasure and satisfaction.

Therefore, the first day of the Great January Clearance Sale Event has been very gratifying, not only did we beat the opening day of last year's sale but we evidently made hosts of new friends and certainly delighted our old ones with our high-grade goods at incomparable Clearance Sale Prices. All winter goods must go at some price. Thousands of dollars in savings, why shouldn't you get your share.

The basketball team, with Mr. Millisor as coach and Merle Orr, manager, left for Mt. Vernon yesterday at 1:50 to play the high school team of that place last evening. Following are the players: Merle Orr, Dale Warner, Herschel Stephan, Philip Rhodes, Frederick Jones, Wilfred Rawlings, Homer Easterday.

The Board of Education has purchased for the high school library a set of ten books on Vocations. These books are edited by various men. William DeWitt Hyde being editor-in-chief. Among the vocations discussed are mechanical arts, home-making, farming and woodcraft, business, law, medicine, ministry, public service, journalism, teaching, music, etc. These books are written for young people and are a valuable collection to the high school.

Several lecture course tickets have been lost and returned to office in the high school. Any one losing a ticket can have a duplicate made, even if the ticket cannot be found, providing the person knows the location of the seat.

NOSTRILS AND HEAD STOPPED UP FROM COLD? TRY MY CATARRH BALM

Instantly Clears Air Passages! You Breathe Freely! Dull Headache Goes! Nasty Catarrhal Discharge Stops.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped air passages of the head will open. You will breathe freely; dullness of head, headache, cold, cold in head or catarrh of nose or throat will be gone, and you are "cured" now. Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing Catarrh or cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith — just once — in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

New Corn Cure A Real Marvel

Guaranteed and Absolutely Painless.

A corn cure that is painless and that will really do the work has finally been discovered. Heretofore, the poor sufferer from corns has been pestered with "drawing" salves and plasters that swell the corn, and has had finally to gouge out his corn and inflict upon himself still greater pain. With Hall's Painless Corn Cure all pain ceases on the first application, and then finally the corn comes right off easily and painlessly. You don't have to tie it out and run the risk of drawing blood, making your corns still more sore or getting blood poison.

Hall's Painless Corn Cure is easier to use than any other; it takes a few seconds to apply it. It is guaranteed absolutely in every case. You must be satisfied or back your money.

Lasts longer than several packages of any other corn treatment, and you are sure to get rid of corns and bunions. Sold at 25 cents a bottle at
